**Attachments:** PFC Summary 10-11-16 Draft.docx

Steve,

I've added info for the other sites to make this into a Region 3 PFC Update. I highlighted in yellow the sections I know are new info in keeping with what we've been doing with the briefs for Shawn- using the same brief from week to week and highlighting what was new in the current edition. I had to turn off the track changes mode because trying to add bullets and delete bullets was making me go cross-eyed. I left one comment in to respond to Andrea's comment on the margin.

Karen is out until Monday, but she may be able to add some update on the DuPont/Chemours amended order situation on Monday morning. She can get an updated version to Renee on Monday of whatever you send to Renee tomorrow. She will want to cover the DuPont order topic with Shawn as a distinct agenda item.

Neither I nor Karrie Crumlish will be there on Monday. I will look into calling in to the meeting from Milwaukee. Karen will be there. I'm off tomorrow but can do further review on this if need be.

Rick

**Subject:** FW: Update WG Summary Document

Hi Rick,

Please review and make recommendations.

Thanks  
Steve

**Subject:** Update WG Summary Document

Good Afternoon,

Deb asked me to update the Warminster/Willow Grove Summary Document to include some of the information shared at the meeting last week. I updated what I gathered from the meeting, but I may have missed/misunderstood some

things, so any input is appreciated. I also updated the private well sampling numbers for WG from the spreadsheet provided last week, but do not have updated numbers from Warminster's.

I used track changes, please feel free to edit.

Thanks,

Andrea
